

MULTI

Multi is an innovative topcoat solution on the Polish market. **Trapezoidal shape** and **3 separate elements** composing one disc offer enormous arrangement possibilities. Multi gives every space its own unique and **distinct character**.

USAGE

Terraces, alleyways and garden paths, pavements, courtyards, passages, driveways nad car parks loaded with vehicle traffic up to 3.5 t.

USEFUL RECOMMENDATIONS

Installation in accordance with construction practice. Use with a traffic load of up to 3.5 t is subject to the roadbase being constructed in accordance with the manufacturer's guidelines contained in the product documentation. Necessary regular removal of impurities; depending on the type of dirt, removed with cloth or washed with water. Joint width 3-5 mm.

SPECIAL FEATURES

A panel in the shape of trapezoid and a flat surface secured around the perimeter with a special profiling. Stand-offs in a special enlarged size and spacing to match Solid, eco Solid, Cube and Style panels. The model consists of three elements. *ATTENTION: For technological reasons pallet's weight may change.

All surfaces should be executed in accordance with the guidelines of GDDKIA (General Directorate for National Roads and Motorways) No. D-05.03.23.
