

PERFECT

Perfect is paving with microphase, with regular edges and flat surface. After placing it on the surface you obtain **the effect of remarkable simplicity and minimalism**. Three different elements that make up the design, **harmoniously blend with the environment**, while allowing the ground create **interesting combinations**.

USAGE

Terraces, alleyways and garden paths, pavements, courtyards, passages, driveways and parking lots for cars.

USEFUL RECOMMENDATIONS

Installation in accordance with construction practice. Do not use on roads used by vehicles of more than 3.5 T. Use with a traffic load of up to 3.5 t is subject to the roadbase being constructed in accordance with the manufacturer's guidelines contained in the product documentation. Joint width 3-5 mm.

SPECIAL FEATURES

Straight edge paving stones protected with microfiber and flat grain surface. Spacers of classic size. The pattern consists of three elements packed together. The stones made with the use of the two-ply technology. *ATTENTION: For technological reasons pallet's weight may change.

All surfaces should be executed in accordance with the guidelines of GDDKiA (General Directorate for National Roads and Motorways) No. D-05.03.23.
