

# MOSAIC

**Mosaic** is paving characterized by irregular edges and flat facture. Rectangles of different sizes (**13 sizes**), after laying, **create an elegant and harmonious surface**, reminiscent of ancient mosaics. With so **many variants**, laying the stones becomes a creative challenge for people who like to play with form – they can give vent to their visions and **get a unique effect** on the surface of the puzzle. **Mosaic paving is perfect for a large area.**

## USAGE

Terraces, alleyways and garden paths, pavements, courtyards, passages, driveways and car parks for cars and trucks over 3.5 t, roads with low heavy traffic (KR3).

## USEFUL RECOMMENDATIONS
