

TREND

This **Trend** is a new inspiration for lovers of the mosaic. This pattern **comprises seven different** parts that are decorated with a fine relief on the surface. A **multitude of shapes** enables creative combinations.

USAGE

Terraces, alleyways and garden paths, pavements, courtyards, passages, driveways and car parks loaded with vehicle traffic up to 3.5 t.

USEFUL RECOMMENDATIONS

Projects in compliance with the construction principles. The stones are not appropriate for surfaces used by vehicles exceeding 3.5 tonnes. Use with a traffic load of up to 3.5 t is subject to the roadbase being constructed in accordance with the manufacturer's guidelines contained in the product documentation. Joint width 3-5 mm.

SPECIAL FEATURES

Pieces are unevenly cut and are decorated with a characteristic relief on the surface. Spacers with a special enlarged dimension. The pattern is a set of 7 different parts, sold together. The stones made with the use of the two-ply technology. *ATTENTION: For technological reasons pallet's weight may change.

All surfaces should be executed in accordance with the guidelines of GDDKiA (General Directorate for National Roads and Motorways) No. D-05.03.23.
